Ms. Hesse:

I would like to express my support for the revised proposed Final Judgment in the U.S. v. Microsoft case. This lengthy litigation has cost my fellow taxpayers and me more than \$35 million, and after reviewing the terms of this Judgment, final approval is clearly in the public interest.

Please stop picking on Microsoft. This is a Republic where capitalism is king and Microsoft has brought us to an unsurpassed degree of growth in technology and prosperity. The unnecessary DOJ pursuit of Microsoft has caused many financial losses to average Americans in jobs and in the financial markets. The proposed settlement should be approved so that we can all go forward and stop wasting productive American ingenuity from one of the greatest companies in the universe. The only beneficiaries from this ordeal will, in all likelihood, be the attorneys, as we have all witnessed in the past in regard to the persecution of the Tobacco companies.

Yours truly,

Frances Fronczak, MD
